

## Economist Consultant

Environment, water or agriculture specialist  
Bendigo or Melbourne – Part Time or full time

### ABOUT RMCG

RMCG provides consulting services on a range of business, environmental, agricultural and social issues. We are a dynamic team with versatile skills in the areas of water management, the environment, economics, social research, strategic planning, agribusiness and community engagement.

Our economics and policy team works collaboratively across all of RMCG's practice areas. The team's skills in economic, financial and policy analysis are combined with our grounded expertise in specific subject matter areas: regional economic development, agriculture, environment and water.

RMCG brings rigorous professional skills and strong personal values to our work. We consider the impact of our decisions on the environment and people.

### WHAT WE ARE LOOKING FOR

RMCG is looking for a high-achieving economist, with a background in water, environmental and/or agricultural economics. The successful candidate will have tertiary training in economics.

You may be a senior economist with extensive experience or might be at the start of your career. Ideally, you will have at least three years of professional experience.

## PRIMARY FUNCTIONS OF THE POSITION

The successful candidate will work in small teams with other RMCG consultants delivering analysis and advice on a broad range of policy, program, and investment decision-making issues.

We would be happy to consider applications for full-time or part-time positions.

Recent work has included investment analysis and feasibility studies, industry economic impact analysis, and economic program evaluation. We work with a range of clients that include government agencies, water corporations, local councils, industry groups and individual businesses.

The work that you will undertake will include:

- Applied technical economic analysis, such as cost-benefit analysis and economic impact assessment
- Clearly articulating findings in written reports
- Stakeholder consultation and data gathering
- Project management
- Day-to-day client liaison, and presenting findings to clients
- Business development, including networking, marketing and proposal-writing
- Contributing to our culture.

## KEY SELECTION CRITERIA

In your application, please describe your ability to:

- Apply economic frameworks to policy problems and investment decisions, in relevant fields
- Develop economic and financial models
- Communicate clearly in writing and in person
- Establish networks in the agriculture, water and/or environmental sector
- Show initiative and problem-solving skills
- Effectively manage time
- Work within a team.

## ADDITIONAL INFORMATION

- Our company culture is really important to us. We are friendly, supportive and enjoy coming to work
- We value work/life balance and we can offer a flexible approach to work management
- We offer exceptional conditions including lunches, paid parental leave, income protection insurance and staff profit share
- The position will involve some travel
- RMCG has offices in Victoria, Tasmania, ACT and NSW.

## QUALIFICATION REQUIREMENTS

A degree in economics or a related field.

## APPLICATIONS

To be considered for this position, please send us:

- Your response to the selection criteria (no more than 3 pages)
- A CV listing qualifications, previous experience and the names of two referees.
